Riverdale park to play volleyball

We went to Riverdale park, one of the famous place to view the Toronto skyline. From Riverdale park you can enjoy a beautiful view of the CN tower. We brought a volleyball and frisbee to play with the students. The team was a mix of girls and boys. They tried to rally as much as they could! The rally went well but sometimes the ball went too far away. Frisbee is fun to play in these big parks. Unfortunately, while the students were playing frisbee, it started raining. But we enjoyed playing some sports until then!

Toronto Island

There were around 30 students who joined this activity. It was the first time for most of the students to go to Toronto Island! So everyone was excited to ride a ferry!!!! When we arrived at the Island, we walked around, enjoyed the nature and took pictures in front of the beautiful Toronto view. We cannot see the entire Toronto city when we are in the city. Toronto Island made us realize that Toronto is actually a beautiful city. We played frisbee and volleyball there as well. Some of them cycled, some walked around again and had some drinks.

Pride parade (June 26, 2022)

The 41st Pride parade was held on June 26 (Sun) in downtown Toronto. Pride parade (also known as pride march, pride event, or pride festival) is an outdoor event celebrating LGBTQ social and self-acceptance, achievements, legal rights, and pride. Pride is not just a celebration, but also a time to honour those who have paved the way to a more inclusive present day and celebrate those who are working towards a tomorrow we can all have pride in. Toronto was painted in rainbow for the whole month of June!

Welcome party

We went to Madison bar, to have our welcome party! It was some of the student's first day and for some, it was their last day. Students had a good time having conversations, making each other laugh and of course, drinking shots as well! Almost 50 students joined this welcome party. They filled up five big tables! On each table, there were many different nationalities. There were students from Brazil, Mexico, Chile, Korea, and Japan. They really tried to get to know each other and understand different cultures. We hope you all enjoyed the party!

SGIC graduation day (June 17, 2022)

Congratulations!

We wish all your best

.....

If you set goals and go after them with all the determination you can muster, your gifts will take you places that will amaze you.

Antonio Dutra from Brazil (SSP course)

What do you like about SGIC?

I am sure to answer this, for me it was the people. The students, teachers, counselor and SGIC staff everything.

Please tell us your thoughts about SSP (Speaking for Success Program).

English as a second language brought me knowledge of not only English language but also different culture. Especially the debates and conversations that the teacher did in the class was valuable for me.

I would like to recommend SGIC, of course! I wish everyone had the same opportunity to be happy learning English!
