SGIC ACTIVITY ROM

Exploring history, culture,
and fascinating exhibits
together in Toronto!

Last week, SGIC students visited the Royal Ontario Museum (ROM) as part of our school activity! 🏛️ ✨
ROM is one of Toronto's most popular museums, featuring fascinating exhibits covering natural history, world cultures, art, and history from around the world. Our students explored the museum together, discovering different exhibits and learning about cultures and history outside of the classroom. Along the way, they had plenty of opportunities to chat with their classmates, share what they found interesting, and enjoy the experience together. 😊

At SGIC, learning English isn't limited to the classroom. Our activities give students opportunities to explore Toronto, experience Canadian culture, and connect with students from around the world while using English in a relaxed and fun environment. It was a great day filled with new discoveries, conversations, and plenty of memorable moments!

Our monthly Welcome Party is
always a student favorite! 🎉
