FALL AT SGIC

As the summer lovers wave goodbye, it's time to welcome the cozy charm of fall in Vancouver! The crisp air, colourful leaves, and pumpkin-spiced everything create the perfect atmosphere to learn, explore, and enjoy the Canadian season to the fullest. At SGIC, students are discovering new vocabulary that captures the beauty and traditions of this time of year—from harvest, maple leaves, and sweater weather to Thanksgiving expressions and all things Halloween! In class, we've been sharing stories about gratitude, learning idioms inspired by autumn, and even talking about how Canadians celebrate this beautiful season. Whether it's a rainy afternoon class or a sunny walk under the golden trees, every day brings a new reason to fall in love with fall at SGIC!

Fun Activities for Everyone!

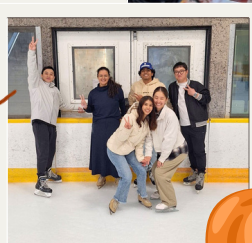

SGIC after-class activities are designed for students of all ages and interests — whether you love sports, food, movies, or parties, there's always something for you! We've had amazing participation in every event, and it's been incredible to see our community growing stronger with each new activity.

SPOOKY SEASON

AT SGIC

It's officially spooky season at SGIC! Our students are already getting into the Halloween spirit by helping decorate the school with ghosts, pumpkins, and spiderwebs. Everyone is preparing for our exciting themed activities—from the Jack-o'-lantern carving contest and scary movie discussions to the costume competition and our legendary SGIC Halloween Party! Get ready for lots of fun, creativity, and a few friendly scares!

SCARY MOVIE TIP

Beetlejuice 2 (or Beetlejuice Beetlejuice) brings back the delightfully spooky chaos of the original classic! After an unexpected family tragedy, three generations of the Deetz family return to Winter River—only for Lydia's curious teenage daughter, Astrid, to accidentally reopen a portal to the Afterlife. And, of course, it doesn't take long before someone says "Beetlejuice" three times... and all kinds of hilarious mayhem break loose! **For English learners**, this movie is a fun way to practice listening to fast, expressive dialogue, learn supernatural and family-related vocabulary (ghosts, portals, curses, mischief), and explore tons of adjectives for mood like spooky, weird, creepy, and chaotic. It's also great for reviewing storytelling grammar, idioms, and discussing what makes a movie scary, funny—or both at the same time!
